

24.1.2021

We have taken the decision to close school tomorrow (Monday 25th January 2021) due to reports of more snow expected in the new few hours and highways advice that there will be hazardous road conditions. We are also facing staffing issues as 110 other schools in Northamptonshire have currently reported that they will be closed leaving staff with no childcare.

We are sorry for the inconvenience caused to the families that have been attending school during the partial closures.

Remote learning will still be available on Teams and staff will do their very best to be available to answer any queries remotely.

We hope to be back in school on Tuesday.

Thank you for your understanding and stay safe.

25.1.2021

We are currently planning on opening again tomorrow (only to children who currently have a place during partial closures and are expected in school tomorrow).

Due to the large amount of snow there is still a lot of around the school paths, playground, car parks and surrounding area. If snow has not been sufficiently cleared by Amey, it may affect opening tomorrow. We are currently liaising with them to send further help. If you are attending school please be extremely careful, in and around school, as we are concerned that low temperatures throughout the night will cause frozen and slippery areas.

Please send your child into school in wellies and bring a change of footwear to wear inside.

Keep your eye out for any further updates later today or early tomorrow as we continue to monitor the adverse weather conditions.

Tomorrow is also the first day that many of our staff will be undertaking Lateral Flow Testing before attending work in the morning. We hope this will not have any impact to us opening but there is a risk that bubbles may have to close if a test reports a positive result. We will of course contact you if that happens.

We are expecting delivery of the food hampers tomorrow morning. If you have requested one please wait until we contact you to let you know when it is ready to be collected.

We thank you for your understanding and hope you've had some fun in the snow today!
